PROGRESSIVE DEMOCRACY" ORGAN-IZED BY GEORGE SUPPORTERS.

NEW YORK, Nov. 9.—Henry George's sup-New York, Nov. 2.—Heary Georges sup-porters held a meeting in Cooper union Sal-arday night at which the "Progressive De-mocracy," as their new party is now called, was born. John McMachem, the Rev. Ed-ward McGlynn, and Professor B. Scott were

appointed to form an organization.

The platform of the party declars that the nominal defeat, but actual victory, of the party at the polls last Tuesday was the opening of a new era in American wo the open-ing of a new era in American politics, and urges every lover of truth and justice to co-operate in carrying on the work of puri-fying political methods. It advocates equal justice between man and man, and the prin-ciples of individual liberty proclaimed in the declaration of independence, upholds an equal distribution of the products of labor. equal distribution of the preducts of labor; affirms that the earth belongs in usufruet to the living, and that one generation can not grant away the equal rights of succeeding generations to its uses.

It declares that the system which disinher-

The platform declares war on memopolies of all kinds, particularly califront and telegraph, says the flephiblican party has outlived its usefulness and become rotton, and christens the new party with the name "Processity December 19.

"Progressive Democratic"

The Rev. Dr. McGlynn said, in the course
of a lecture on the labor question in Jersey City Sunday night, that the bad decirines taught by George were almost similar to those held and preached by Jesus Christ. The lecturer contemned the theory of The lecturer contentied the theory of Malthus, and said that he was a blasphemer against the justice of God when be cam-ciated his law of population.

SENATE POSSIBILITIES.

Which the Senate May Turn.

WASHINGTON CITY, Nov. 9.—The Demorats are looking with a good deal of interdriew on the errat e Roddleberger, of Virginia. The Republicans have new six ma-jority in the senate. If the Democrats elect Hearst, of California, to success! himself, gain two scats from New Jersey and Indiana, and less one seat from Nevada, where Stewart is likely to succeed Fair, they will make a net gain of two, for they have already gained used for Virginia. The senate would then

stand thirty-seven Democrats and thirty-nine Republicans, and if Riddleberger re-lapsed into the Democratic party the senate would be atte, with Mitchell, of Oragonic-level by Democratic votes, and Van Wyck of Neby Democratic votes, and Van Wyck of Ne-braska, generally to be relied on to stand by the administration in case of any factious at-tack by the Republican senators. The Dem-ocrats outside of Virginia would be very glad to welcome Riddleberger back to the fold. Riddleberger himself broke with Ma-hone a couple of years ago, and has been co-quetting with his first love ever since. But the Virginia Democracy is rather undorgiv-ing, and having been jilted once is not much disposed to kiss and make up. With the Re-publicans he will be a majority with the Domocrats he can make a tie.

Mr. Vilas Explains.

New Yonx, Nov. 2.—A Washington special to the World says. "A representative of The World called upon Mr. Vilas to ask him about his alleged violation of the president's order. "It is true," said ten Vilas, "that I did make a speech last Monday night at my home at Madison. The report sent out to the press that I had participated in the contest and assisted in the manipulation of the canvass is whelly false and without the least possible semblance of truth. I an hour and a half of the forenoon conversing with friends I happened to meet on the sidewalk and called a The Democrat office or fifteen minutes. It was natural I should call upon my old friends. Views of an American Democrat. LONDON, Nov. 9.—An American Democrat criting to The Daily Telegraph says that the writing to The Baily Telegraph says that the result of the American elections can but be regarded as a catastroph, because if his reversed the result of the presidential election of 1884, and condemned the political importance of the federal administration congring from that election. Under the rigid system of the constitution, Tursday's victors become the irresponsible trusters of the situation until 1889. This will consent the affinite the word Mr. Blaine and the Jerial levies and ween Mr. Blains and the Jendy leaders and will give Mr. Blaine a stronger position in the field of American positios than the half when be imposed his presidential confiding upon the Republican party in 1884.

Five counties are yet to be heard from. The five combined can not change the total enough to make McGill's majority less than 2,000 nor much more than 2,000 The Democratic state central committee con codes McGill's election through the sheet force of the figures returned by the efficial count. Most of the members have gone home and given it up. P. H. Keily conesied Mc Gill's election Saturday night.
